

This Sleep Log is developed and funded by Gilead for patients to complete in advance of appointment with their doctor/nurse to aid patient/doctor discussions.

## HOW ARE YOU SLEEPING?

Each day, tick the number that best describes your sleep the night before. Do this every week for a month. Use the space to note anything that may have affected your sleep. Then, talk to your healthcare team.

<b>1 VERY BAD</b> Broken, poor quality sleep with frequent disturbances; leaving you feeling very tired or with poor levels of concentration.	<b>2 FAIRLY BAD</b> Lack of sleep, moderate disturbances/nightmares; leaving you feeling generally tired with some difficulty concentrating.	<b>3 FAIRLY GOOD</b> Enough sleep, possible minor disturbances/nightmares; enabling you to feel moderately refreshed and alert.	<b>4 VERY GOOD</b> Enough sleep, without disturbances/nightmares; enabling you to generally feel refreshed and alert.
